

Architectural floor plan of a tram cabin interior. The plan shows a rectangular cabin with a total width of 1950 mm and a total length of 2150 mm. Key features include a driver's seat (Hkabiny = 2150) at the front, a control panel (panel dysp.) on the right, and a control cabinet (szafa sterowa 350x170x2150) at the rear. Dimensions for various components are provided, such as 1600 mm for the main cabin area, 1400 mm for the control panel area, and 570 mm for the control cabinet area. The plan also shows the location of doors and windows, with labels like 'balustrada 1100' and 'balustrada 700'. A scale bar at the bottom indicates 1:50.

3. szyb żelbetowy, drzwi bez odporności ogniowej
